

Robert Issai

Speaker at PQC Summit on Cost and Quality:

Confronting the Chronic Care Challenge

Washington, D.C. • March 19, 2008

Mr. Issai has more than 26 years of progressively responsible management experience in major health care organizations. He has demonstrated strong operations and leadership skills, with emphasis on operational improvement, strategic planning, profitability improvement and quality enhancement. In May 2001, Mr. Issai worked closely with the Daughters of Charity of St. Vincent de Paul, Province of the West to create the Daughters of Charity Health System (DCHS) and separate the Daughters' six hospitals from Catholic Healthcare West, after which time he joined DCHS as its Executive Vice President and CFO. In July 2006, Mr. Issai was appointed as President and CEO of DCHS.

Mr. Issai's leadership experience includes serving as the Regional Vice President of Finance for Catholic Healthcare West – Southern California Region; Senior VP and CFO of St. Francis Medical Center in Lynwood, CA; and Assistant VP of Finance with Harbor Health Systems, in Harbor City, CA.

Mr. Issai received his undergraduate degree in Business Administration at Andrews University of Michigan and his M.B.A. in Finance with honors from California State Polytechnic University in Pomona.
